

LITERACY

All about me: writing autobiographies

note taking

presenting information about ourselves

Fiction: Reading *Storm* by Kevin Crossley Holland. Writing descriptive sentences, investigating characters in stories, using speech in stories, revising tense and basic punctuation.

NUMERACY

Number and place-value, mental addition and subtraction. Mental multiplication and division. Problem solving, reasoning and algebra, measurement, geometry, properties of shapes. Regular times tables practice

SCIENCE – Rocks.

What are rocks?

What is the earth made of? What are volcanoes?

Investigating the properties of rocks

What are fossils?

What is soil?

GEOGRAPHY

What did Britain look like in the Stone Age? What was the ice age?

Local maps: Where do people settle? Why do they settle here?

The Stone Age Avon and Kennet Classes

HISTORY –The Stone Age

When was the Stone Age?

How did hunter gatherers survive?

How did life change for Stone Age people?

What was Stonehenge used for?

Who were the people who built Stonehenge?

How did they live?

What jobs do archaeologists do?

What can we learn from artefacts?

Trip to Stonehenge.

RE

What is important to me?

Exploring issues such as who we are and what it means to be human, where we belong and how stories, hymns and prayers help us understand more about ourselves.

Chess

We will be starting to learn chess this term!

FRENCH

Instructions, numbers, information about ourselves, colours, days of the week.

ART & DT

Cave Painting

Clay modelling to make Stone Age jewellery
fire making!

Making stone age paint and cave paintings.

PE

We will use the real PE scheme of work which teaches physical coordination and personal skills

PSHE

Learning about welcoming others, recognising our achievements and personal goals for the year.

ICT

multi media

E-Safety: how to stay safe online
making a powerpoint presentation about ourselves
