

Dear Sparrow,

We are in Spain. It is so hot and there has been no spots of rain for weeks. I have been for lots of swims and I like to splash in the cool pool.

We went to a wedding and Dad had to make a big speech. He said the speech at top speed. Then, he said he felt sick and spilt his drink on his dinner.

We had Spanish food for dinner at the wedding. I didn't like it so Mum got me some crisps.

I will spend the rest of the nights in Spain at my gran's flat.

See you when I am back.

From Crispin
