

10 - Minute Maths

Circle the picture that shows the alien after a whole turn.

Solve the missing number problems.

$$8 = \boxed{} - 6$$

$$16 = \boxed{} - 4$$

Calculate the answer. Use cubes to help you.

$$12 \div 2 = \boxed{}$$

$$4 \div 2 = \boxed{}$$

$$8 \div 2 = \boxed{}$$

Circle the coin which is worth the most.

Draw a line to match numbers with the stars.
